

A Hanukkah Dreidel

The dreidel game is a popular one during Hanukkah. The children play it with a dreidel top and gelt. Make this dreidel by coloring it, cutting it out on the black lines, and then folding it on the broken lines. Tape the sides together and insert a short pencil through the top. (See illustration of finished dreidel.) To play the game, spin the top to see which sign lands facing upward. The signs mean: NUN you get nothing; GIMEL you take all of the pot; HAI you take half the pot; SHIN you must put in 1 gelt.
