
WORDS TO KNOW

January 2023

Early Communication

- **Communication:** a way to send and receive information
- **Modern Technology:** newer and faster ways to send messages and news (like a computer)
- **Morse Code:** an alphabet that uses dots, dashes, and spaces to represent letters, punctuation, and numbers
- **Telegraph:** a system for transmitting messages to a distant place using coded signals
- **Telegram:** a message that is sent by telegraph and then printed and delivered to someone's home or office
- **Newspaper:** a paper that is printed and distributed (usually daily or weekly) and contains current events about local, national, and global communities
- **Radio:** communication through sound to spread important information
