Dr. Sei

The Bearer tells me that he wishes to remove his family to a place a few miles from the water, and about four from Stoney Point, and that he was refered by your Excellency to me. You will please signify whether the matter is agreeable to you, and if it is, I shall have no objection to it.

The man says
there are two
families of them.

I ask Dr. Sei

with great esteem of yours

Your Excellency's

Most Observant,

Robert Howe
